

Anne Margrete Gussgard: FORM FOR DOCUMENTATION OF PEDAGOGICAL QUALIFICATIONS 1990-2004				
1. TEACHING EXPERIENCE 2001-2004, General dentists, specialized dentists, nurses and staff		<u>Duration (Date)</u>	<u>Form of instruction</u>	<u>Number of hours</u>
<u>Course name/Subject</u>	<u>Level (target group)</u>			
Hands-on guidance for the placement of NT dental implants	Dental General practitioners	07.07.2004	Assisting surgical procedure	1 hour
How to select the optimal restoration component for "Certain" dental implants	Dental General practitioners	06.07.2004	Demonstration	30 min
Optimized therapy planning using the 3i "Certain" dental implant	Dental General practitioners	05.07.2004	Demonstration	30 min
Benefits and disadvantages with 3i compared to Astra dental implants when space is limited	Prosthodontic specialists	01.07.2004	Lecture, Demonstration	30 min
General surgical and restorative principles of the 3i "Certain" dental implant	Dental General practitioners	30.06.2004	Lecture, Demonstration, Supervision of hands-on training	2 hours
Optimizing the logistics for maintaining surgical equipment, dental implants and dental implant components	Surgical nurses, Dental faculty	28.06.2004	Logistic support	30 min
Practical selection and application of the 3i restorative components	Dental technicians	17.06.2004	Demonstration	30 min
Steps for identifying appropriate abutment for unknown dental implant	Prosthodontic specialists	26.05.2004	Customer support	30 min
Optimized therapy planning using the 3i "Certain" dental implant	Periodontology specialty residents	10.05.2004	Demonstration	1 hour
Practical steps for optimal abutment selection and placement on 3i dental implants	Prosthodontic specialist	04.05.2004	Assisting restorative procedure	1,5 hour
Practical treatment planning for optimizing Dental implant therapy using the 3i "Certain" dental implant	Periodontology specialists + Periodontology specialty residents	28.04.2004	Lecture, Demonstration, Supervision of hands-on training	2 hours
	Dental Faculty			
Hands-on guidance for the placement of healing abutments	Periodontology specialist	22.04.2004	Assisting surgical procedure	1 hour
Surgery combining dental implant placement with the use of PCCS - Platelet Concentrate Collecting System	Periodontology specialists	20.04.2004	Assisting surgical procedure	6 hours
Benefits and disadvantages with 3i compared to Astra, Brånemark and Straumann dental implants	Prosthodontic specialists	01.04.2004	Demonstration	1 hour
Surgery combining sinus lift with the use of Platelet Concentrate Collecting System - PCCS	Periodontology specialists	23.03.2004	Demonstration	6 hours
			Assisting surgical procedure	
Combining placement of "Certain" dental implants with "Ossix" membranes and "Biogran" bone substitute	Hospital Oral Surgeons	18.03.2004	Demonstration	1 hour
Hands-on surgical placement of the new "Certain" dental implant from 3i	Oral Surgeons, Dental faculty	17.03.2004	Assisting surgical procedure	1 hour
Customer support	Annual Meeting of the Norwegian Association	12.-14.03.04	Customer support	3 days
Surgical placement of the "Certain" Dental implant	Oral Surgeons	25.02.2004	Lecture, Demonstration	1 hour
The 3i surgical components and equipment + Surgical placement of the "Certain" Dental implant	Surgery nurses, Dental faculty	24.02.2004	Demonstration, Supervision of hands-on training	3,5 hour
Hands-on guidance for making an impression with the 3i pickup technique	Prosthodontic specialist	02.04.2004	Assisting restorative procedure	2 hours
How PCCS - Platelet Concentrate Collecting System - can be used together with dental implant	Dental General practitioners	04.02.2004	Lecture, Demonstration	2 hours
Surgical placement of the "Certain" Dental implant	Hospital Oral Surgeons	20.01.2004	Demonstration	30 min
Treatment planning for optimizing Dental implant therapy using the "Certain" dental implant	Periodontology specialists + Periodontology specialty residents	10.12.2003	Lecture, Demonstration	1 hour
How to correctly place the 3i dental implants, use the bone-mill and apply membranes and bone substitute	Oral Surgeons	08.12.2003	Lecture, Demonstration, Supervision of hands-on training	3 hours
How the new "Certain" dental implant differs from the external hex dental implant. + How the bone substitute is used	Oral Surgeons, Dental Faculty	02.12.2003	Demonstration	30 min
Hands-on surgical placement of the "Certain" Dental implant	Dental General practitioners	21.11.2003	Assisting surgical procedure	2 hours
Enhancing the surgical outcome by using bone-mill, membranes and bone substitutes	Hospital Oral Surgeons	17.11.2003	Lecture, Demonstration	1 hour
Customer support	Annual Meeting of the Norwegian Association	14.-15.11.03	Customer support	2 days
Surgical placement of the "Certain" Dental implant	Oral Surgeons, Dental Faculty	12.11.2003	Lecture	30 min
Practical steps for selecting the abutment for the "Certain" dental implant	Prosthodontic specialist	11.11.2003	Assisting restorative procedure	30 min
General concepts of the new 3i dental implant "Certain" applicable to surgery, restoration and denture	Annual meeting of the Norwegian Association	08.11.2003	Lecture	20 min
Practical steps for selecting the restorative components for the "Certain" dental implant	Prosthodontic specialists, Hospital	06.11.2003	Lecture, Demonstration	30 min
Practical steps for selecting the optimal surgical solution and restoration	Prosthodontic specialists + Oral Surgeons	05.11.2003	Lecture, Demonstration	30 min
Surgical placement of the "Certain" Dental implant	Hospital Oral Surgeons	23.10.2003	Demonstration, Lecture	30 min
Multidisciplinary treatment planning for optimizing Dental implant therapy	Prosthodontic specialists + Prosthodontic specialty residents + Oral surgeons, Dental Faculty	23.10.2003	Demonstration, Lecture, Supervision of hands-on training	3 hours
Hands-on guidance for making an impression with the 3i pickup technique	Prosthodontic specialist	21.10.2003	Assisting restorative procedure	1 hour
Hands-on guidance for the surgically placement of NT Dental implants	Periodontology specialist	18.10.2003	Assisting surgical procedure	2 hours
General concepts of the 3i dental implant systems applicable to surgery, restoration and dental treatment	Dental team, annual meeting of the Norwegian Association	08.10.2003	Lecture	20 min
Enhancing the surgical outcome by using bone-mill, membranes and bone substitutes	Oral surgeons + Oral Surgeon residents, Dental faculty	26.09.2003	Demonstration, Lecture	1 hour
Correct abutment selection and impression techniques for Dental implants	Prosthodontic specialist	12.09.2003	Assisting restorative procedure	1 hour
Practical applications of the 3i restorative components	Dental technicians	12.09.2003	Demonstration	30 min
Impression techniques for Dental implants	Prosthodontic specialists	04.09.2003	Demonstration	30 min
Practical applications of restorative options in the laboratory	Dental technicians	19.08.2003	Demonstration	30 min
How to use the 3i screw removing kit in appropriate situations	Dental General practitioners	18.08.2003	Assisting restorative procedure	1 hour
Practical selection and application of the 3i restorative components	Dental technicians	14.08.2003	Demonstration, Supervision of hands-on training	30 min
Practical steps for selecting the optimal surgical solution and restoration	Dental General practitioners	13.08.2003	Demonstration	30 min
The restorative and surgical concepts of the 3i dental implant systems	Prosthodontic specialists	16.07.2003	Demonstration	1,5 hour

Surgical procedures for placing 3i NT dental implants	Periodontology specialists	09.07.2003	Demonstration	1 hour
Practical applications of restorative options for 3i Dental implants	Prosthodontic specialty residents	24.06.2003	Demonstration, Lecture	3 hours
Practical use of the 3i Bone-Mill	Dental General practitioners	12.06.2003	Demonstration	30 min
Customer support	Annual meeting of Scandinavian Society of Pro	22-24.05.03	Customer support	
Selecting the correct Dal-Ro abutment in Dental implant therapy	Dental General practitioners	09.05.2003	Assisting restorative procedure	1 hour
Restorative options for the prosthodontist	Prosthodontic specialists	08.05.2003	Lecture, Demonstration	30 min
Practical usage of the 3i torque controller	Prosthodontic specialists	30.04.2003	Demonstration	30 min
Optimal restorative procedures for 3i dental implants	Prosthodontic specialists	29.04.2003	Demonstration	30 min
Multidisciplinary treatment planning for Dental implant therapy	Prosthodontic specialists + Oral surgeons	10.04.2003	Demonstration, Supervision of hands-on training	1 hour
Practical placement of the NT dental implant	Periodontology specialists	01.04.2003	Demonstration	1 hour
Practical applications of restorative options	Dental General practitioners	31.03.2003	Demonstration	30 min
Hands-on guidance for the surgically placement of NT Dental implants	Dental General practitioners	21.03.2003	Assisting surgical procedures	1 hour
Practical selection and use of the 3i abuments	Prosthodontic specialists	20.03.2003	Lecture, Demonstration	30 min
How to select and apply 3i restorative components in oral rahabilitation	Dental General practitioners	20.03.2003	Lecture	2 hours
Advanced surgery combining dental implant placement with the use of PCCS (Platelet Concentr	Hospital oral Surgeons	17.03.2003	Assisting surgical procedures	2 hours
Practical applications of restorative options for the new 3i dental implant "Certain"	Prosthodontic specialists +	17.03.2003	Lecture	2 hours
	Prosthodontic specialty residents + Dental technicians			
	Dental faculty, Oslo			
Selecting the optimal surgical solution and restoration options	Dental General practitioners	13.03.2003	Lecture	2 hours
Characteristics of the 3i abutments compared to Brånemark abutments	Dental General practitioners	05.03.2003	Demonstration	1 hour
Practical selection and application of the 3i restorative components	Prosthodontic specialists	11.02.2003	Lecture, Demonstration	30 min
Selecting the correct restorative treatment plan for dental implant patients	Prosthodontic specialty residents	05.02.2003	Lecture, Demonstration	1 hour
	Dental Faculty			
Practical applications of restorative options	Prosthodontic specialists	31.01.2003	Lecture, Demonstration	30 min
Enhancing the surgery outcomes by intimate knowledge of surgical, membrane and bone substiti	Hospital Oral Surgeons	27.01.2003	Lecture, Demonstration	30 min
The components in the 3i dental implant system	Dental General practitioners	22.01.2003	Demonstration	30 min
The use of restorative options, membranes and dental implant choice in treatment planning	Prosthodontic specialists	15.01.2003	Demonstration	30 min
Advanced use of the 3i restorative components	Dental General practitioners	14.01.2003	Demonstration	1 hour
Practical steps for selecting the optimal surgical solution and restoration	Dental General practitioners	13.01.2003	Demonstration	2 hours
Restorative options for the 3i dental implants	Hospital Prosthodontic specialists	16.12.2002	Demonstration . Supervision of hands-on training	30 min
Surgical procedures for placing 3i dental implants	Oral Surgeons, Dental Faculty, Oslo	12.12.2002	Demonstration	1 hour
General restorative concepts of the 3i dental implant systems	Prosthodontic specialty residents	11.12.2002	Lecture, Demonstration	2 hours
General surgical concepts of the 3i dental implant systems	Oral Surgeon residents, Dental Faculty, Oslo	29.11.2002	Lecture, Demonstration	2 hours
SOPs for using surgical kit components and instruments & basics of surgical procedures and res	Dental General practitioners + Dental support	27.11.2002	Demonstration, Lecture, Supervision of hands-on training	1 hour
Multidisciplinary treatment planning for optimizing Dental implant therapy	Dental General practitioners	21.11.2002	Lecture, Demonstration	2,5 hours
	Oral surgeons +			
	Prosthodontic specialists			
Selection of the correct abutment amongst the 3i options	Prosthodontic specialists	20.11.2002	Demonstration	30 min
Surgical considerations when placing NT dental implants compared to non-tapered dental impla	Hospital Oral Surgeons	19.11.2002	Demonstration, Supervision of hands-on training	1 hour
General principles for Dental implant thepary	Dental General practitioners + Patients	16.11.2002	Lecture, Demonstration	3 hours
Optimal procedures for restoring NT dental implants	Dental General practitioners	14.11.2002	Demonstration, Lecture	1 hour
Optimal surgical procedures for placing NT dental implants	Hospital Oral Surgeons	12.11.2002	Demonstration, Lecture	1 hour
Optimal surgical procedures for placing NT dental implants	Faculty Oral Surgeons	12.11.2002	Demonstration, Lecture	1 hour
Optimal procedures for restoring NT dental implants	Dental General practitioners	12.11.2002	Demonstration	30 min
Laboratory procedures as applied to 3i components	Dental technicians	08.11.2002	Lecture, Supervision of hands-on training	1 hour
When can the PCCS -Platelet Concentrate Collecting System be combined with membranes an	Dental General practitioners	07.11.2002	Lecture	1 hour
Surgical and restorative possibilities with the 3i dental implant system	Dental General practitioners	05.11.2002	Demonstration, Lecture	1 hour
Restorative options for the 3i Dental implants	Dental General practitioners	04.11.2002	Demonstration, Supervision of hands-on training	1 hour
Surgical and restorative possibilities with the 3i dental implant system	Periodontology specialists + Dental General p	04.11.2002	Demonstration, Lecture	1 hour
The contents of the 3i surgical kit and instruments & Assisting the surgeon and the restoring der	Dental supportive staff	01.11.2002	Demonstration, Lecture, Supervision of hands-on training	1,5 hour
Practical use of the 3i bone-mill, membranes and bone substitutes	Oral Surgeons	29.10.2002	Demonstration	30 min
Customer support	Annual meeting of the Troms Dental Associati	25-26.10.02	Customer support	2 days
The 3i abutment alternatives and adjunctive use of the "Ossix" membrane, the bone substitute "E	Prosthodontic specialists +	24.10.2002	Lecture	30 min
	Periodontology specialists			
Possible restorative options for Dental implants	Dental General practitioners	24.10.2002	Demonstration	1 hour
Multidisciplinary treatment planning for optimizing Dental implant therapy	Oral Surgeons + Dental General practitioners	23.10.2002	Demonstration, Lecture	1 hour
Laboratory procedures for restoring 3i dental implants	Dental technicians	16.10.2002	Supervision of hands-on training	1 hour
Presentation of the new 3i dental implant "NT"	Periodontology specialists	16.10.2002	Demonstration, Lecture	1 hour
Customer support	Annual meeting of the Norwegian Dental Asso	9-11.10.02	Customer support	3 days
Customer support	Annual meeting of the Norwegian Dental Asso	10-12.10.02	Customer support	3 days

Practical use of ossix membrane and the bone substitute “Biogran” in surgery	Oral Surgeons	01.10.2002	Demonstration	1 hour
Practical application of “Ossix” membrane & the NT dental implant	Dental General practitioners	30.09.2002	Demonstration, Lecture	1 hour
Presentation of the new 3i dental implant “NT”	Dental General practitioners	27.09.2002	Demonstration	30 min
Practical use of the 3i tool for removing fractured screws &	Dental General practitioners	26.09.2002	Assisting surgical procedure	2 hours
Presentation of the new 3i “NT” dental implant & Selection of the correct “Locator” abutment	&		Demonstration	
	Dental supportive staff		& Demonstration	
Presentation of the new 3i dental implant “NT”	Dental General practitioners + Oral surgeons	19.09.2002	Demonstration	1 hour
Dental implant surgery from start to end	Dental General practitioners	13.09.2002	Assisting surgical procedure, dental implant placement	1 day
The essentials of the 3i Dental implant system.	Annual meeting of the Norwegian Association	06.09.2002	Lecture	15 min
How to use the DU900 surgical drilling unit	Dental General practitioners	04.09.2002	Demonstration	30 min
Dental implant interventions for the inexperienced	Dental General practitioners + Dental technicians	03.09.2002	Lecture & Hands-on	2 hours
Laboratory procedures for restoring 3i dental implants	Dental technicians	25.06.2002	Demonstration	1 hour
The fundamentals of the 3i dental implant system, surgical, restorative and laboratory procedures	Periodontology specialists	21.06.2002	Lecture	1,5 hour
Surgical placement of 3i dental implants and “Ossix” collagen membranes	Oral Surgeon	14.06.2002	Demonstration	1 hour
Adaptability of 3i components to Brånemark dental implants	Prosthodontic specialists	12.06.2002	Lecture	1 hour
Practical applications of the “ZiReal”, the “GingiHue” and the “Locator” abutment	Prosthodontic specialists	12.06.2002	Lecture, Supervision of hands-on training	30 min
Practical use of placing “Ossix” collagen membranes	Periodontology specialists	11.06.2002	Demonstration, Lecture	1 hour
Practical use of placing the “Locator” abutment & the 3i torque controller	Prosthodontic specialists	25.04.2002	Demonstration	30 min
How to use the “Locator” abutment in overdenture treatment & Choosing the right abutment in di	Dental General practitioners + Dental technicians	23.04.2002	Demonstration	1 hour
Restorative options for 3i Dental implants	Dental General practitioners	19.04.2002	Demonstration	1 hour
Practical use of the “Ossix” collagen membrane	Periodontology specialists	16.04.2002	Demonstration, Lecture	30 min
Variations in practice when using 3i components compared to Nobel Biocare components	Prosthodontic specialists	12.04.2002	Supervision of hands-on training	1 hour
Practical use of “Ossix” collagen membranes & use of the new “Locator” abutment for overdenture	Periodontology specialists	11.04.2002	Demonstration, Lecture	1 hour
Indications for the use of the “Ossix” collagen membrane	Oral Surgeon	11.04.2002	Demonstration	30 min
The 3i-dental implant system, basic surgical and restorative procedures	Dental General practitioners	10.04.2002	Demonstration and Lecture	1 hour
The 3i Osseotite surface	Hospital Oral Surgeons	09.04.2002	Demonstration	15 min
& new dental implant abutments				
Basics for Dental implant treatment	Dental General practitioners	04.04.2002	Demonstration and Lecture	1 hour
Characteristics of the 3i-dental implants compared to Astra dental implants & optimal surgical pr	Hospital Oral Surgeons	13.03.2002	Demonstration and Supervision of hands-on training	1 hour
Practical applications of titanium and zirconium abutments	Prosthodontic specialists	06.02.2002	Demonstration and supervision of hands-on training	1 hour
How to use the 3i surgical kit & standard operating procedures for correct sterilization	Dental General practitioners	05.02.2002	Demonstration	30 min
Structural differences between ITI and 3i-dental implants & Practical use of “Gold Tite” screws a	Dental General practitioners	06.12.2001	Demonstration and supervision of hands-on training	1.5 hour
Practical use of the 3i-surgical kit & practical use of osteotomes	Periodontology specialists	05.12.2001	Demonstration and supervision of hands-on training	1 hour
Characteristics of the 3i-dental implants compared to ITI dental implants	Periodontology specialists	23.11.2001	Demonstration and supervision of hands-on training	1 hour
Practical use of the 3i Bone-Mill	Hospital Oral Surgeons	13.11.2001	Demonstration	30 min
Surgical options for the 3i dental implants applicable to hospital oral surgery settings	Hospital Oral Surgeons	09.11.2001	Demonstration	1hour
Surgical and restorative options for the 3i dental implants applicable to periodontal speciality pra	Periodontology specialists	08.11.2001	Demonstration and supervision of hands-on training	1hour
Restorative options for the 3i dental implants applicable to general practice settings	Dental General practitioners	07.11.2001	Demonstration and supervision of hands-on training	1hour
Characteristics of the 3i-dental implants compared to Brånemark dental implants	Hospital Oral Surgeons	06.11.2001	Demonstration	1hour
How to use preable abutments in Titanium and Zirconium together with the Gold-tite Screw	Periodontology specialists + Prosthodontic spe	01.11.2001	Demonstration	1hour
3. PLANNING/ORGANIZING, EVALUATION, DEVELOPMENT OF (OWN) COURSES				
Course type	Number of courses	Forms of instruction	Target group	Date
Dental implant prosthodontic course, 4 day course	1	Lecture & hands-on teaching	Dental General practitioners	26.03-29.03.2003
Dental implant surgery course, 3 day course	1	Lecture & hands-on teaching	Dental General practitioners	30.05-01.06.2002
Dental Diseases in Dogs and Cats, 3 day course	1	Lecture	Small-animal veterinary practitioners	04.10-06.10.1990
